

Dear Investor,

At Turtle Wealth, we believe in spreading extensive knowledge to the world, especially on Business and Finances. As Howard Marks has quoted "*Wisdom is the only thing which does not have 2 Sides of Sword*", we have studied almost all billionaires, and one thing common in them is extensive reading. While on the other hand, the most common thing in unsuccessful people is the lack of reading. This is an attempt to encourage you to read at least 2-3 Hours a day, this would surely prove to be one of the best changes one can bring in his life. Warren Buffet being the third richest person in the world still, reads 7-8 Hours a day.

The following are the Top 10 Books (irrespective of the order) we recommend that will help to take your decisions in Life and Business.

- 1. The Compound Effect – Derren Hardy**
- 2. The Art of Thinking Clearly - Rolf Dobelli**
- 3. Yogic wealth- Gaurav Mashruwala**
- 4. Thinking Fast and Slow - Daniel Kahneman**
- 5. AntiFragile- Nassim Nicholas Taleb**
- 6. The 80/20 principle- Richard Koch**
- 7. The Amazon Way- John Rossman and Ryan Masters**
- 8. Zero to One- Peter Thiel and Blake Masters**
